

## AGM Report – Secretary Gordon Scott.

Our groups championship events were well supported this year and it is hoped with some minor alterations we can improve on numbers. The change to the 50 mile championship proved reasonably popular with 11 members competing across the 5 events nominated, as always I am open to suggestions.

The 25 m champ. which again was incorporated with the Bath CC event attracted 12 eligible Westvets. Our own 10 mile event promoted along with our group's awards presentation attracting 20 entries.

I have almost completed compiling the many recipients of our various trophies and awards and we have made an allowance for updating the engravings and hopefully the replacement of our Ladies BAR trophy. A couple of the trophies are in need of minor repairs but it is planned to have the completed set of trophies at our awards presentation next April.

I have made a few entries on our Facebook page along with photos and I am conscious we need to improve the use of this facility, the uncertainty of our Journal only adds to the requirement of an outlet for our news and hopefully with a little help we can improve our use, many of us use our own clubs various electronic media and Cycling Time Trials use of on line entries, distributing start and subsequent results sheets only adds to the requirement to 'keep up'.

The new VTTA on line membership system has been rolled out successfully and I am grateful to Ian and Tony for their work with the project, obviously with anything new it takes getting used to but with the information accessible and up to date it will make the task running of our group easier for the committee.

Our groups evening 10 event and presentation is always popular, providing members old and new the chance to get together and share memories and past glories. We do plan a slight change for 2019 with the event being held in the afternoon of 6<sup>th</sup> April which will give us more time for the presentation and hopefully encourage more members to attend. The format will be on the same lines as before with our groups 10 mile championship being promoted followed by the awards presentation and more time to meet old friends.

My sincere thanks go to the members of this committee who carry out their roles voluntarily whilst fulfilling roles within their own clubs or organisations, once again and as I have said before being secretary of this group is an honour and I have no hesitation in continuing to do so.
